Newton, the Garden City, covers an area of 18 square miles, has a population of 85,000, high civic standards, one of the best school systems in the country, and because of its close proximity to Boston, has unusual advantages as a place of residence.

The Newton Chamber of Commerce is an organized, co-operative agency to advance the civic, industrial, mercantile, and development interests of all the Newtons.

There are three types of Membership—Civic—Business—Sustaining.

This organization is only made possible through the wholehearted co-operation and support of the people of all the Newtons. Every Citizen should be a member.

Join Your Chamber of Commerce.

It renders constant, practical and effective service and welcomes inquiries at its offices conveniently located at

INTRODUCTION

R. L. POLK & CO., publishers of more than 800 city, county, state and national Directories, present to subscribers and the general public, this, the 1953 edition of the Newton City Directory.

Confidence in the growth of Newton's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Newton to the world.

The enviable position occupied by R. L. POLK & CO'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Newton Directory will fulfill its mission as a source of authentic information pertaining to the city.

Six Major Departments

The six major departments are arranged in the following order:—

THE MISCELLANEOUS DEPARTMENT, pages 8 to 21 on white paper, presents lists of city, county, state and federal officials; post office, public school and fraternal organization Directories; statistical review; historical sketch; and manufacturing, trade and civic surveys.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 25 to 507, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Newton, and the name, official personnel, nature and address of each firm and corporation in the city.

THE BUYERS' GUIDE, beginning opposite page 508 and separately paged from 1 to 52, on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Newton. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Newton, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 509 to 543, on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

LIST OF STREETS BY POSTAL DISTRICTS is included in pages 545 to 549.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, covers pages 551 to 706. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Newton.

The Newton Directory Library

Through the courtesy of the publishers of the Newton City Directory, a Directory Library is maintained in the offices of the Chamber of Commerce, for limited free reference by the general public. This is one of more than 500 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

A Few Historical Facts

As early as 1631 Newton was settled and fortified, less than a year after the foundation of Boston. In those days Newton consisted of a large tract of land with a dwelling here and there, a most modest settlement, but the foundation, nevertheless, upon which rests the beautiful progressive City of today. King's handbook of Newton states "the domain northward of the Charles was acquired from the Indian queen, the squaw-sachem, Nane-pashement's daughter, one of her perquisites being a new coat each winter as long as she lived."

Newton was incorporated a town in 1688 being called New Cambridge until 1692; and having outgrown town government by 1873, was chartered a city in that year.

During the war with the Indians the men of Newton left their homes and families and fought with the rest of the settlers. There is a stone in Nonantum, known as the Elliot memorial, which bears this inscription: "Here at Nonantum, October 28, 1624, in Waban's Wigwam near this spot, John Elliot began to preach the gospel to the Indians. Here he founded the first Christian community of Indians within the English colonies."

During the period of the Revolutionary War, the men of Newton rose with the other men of Massachusetts and shared the hardships that the crude army led by the great George Washington endured. And so history repeats itself down the ages. There are many beautiful monuments and ancient landmarks, silent tributes to the men who so nobly answered the call to arms, from the early days when the settlers, fought with the Indians thru World War II.

Interesting Facts Regarding City

It is interesting to note just what Newton stands for to residents in other parts of the country. With its beautiful long avenues, its long lanes leading into beautiful wide parks, its streams and hills, its lovely gardens and artistic residences, it stands for prosperity and success. It signifies elegance and beauty, rather than fashion and display.

Although the march of time has brought changes to Newton in every part, though much of its barren land has been transformed into house lots and streets, though many of its old farm houses have been turned into modern dwellings, still Newton maintains an abundance of its natural beauty which has given it the name of the Garden City, widespread recognition as a City of beauty, a City of homes.

The Charles River winds its course along the northern and western boundaries for more than sixteen miles, adding utilized water power at its upper and lower falls and much beauty to the scenery for miles around. Newton has that same New England atmosphere which characterizes so many other Massachusetts cities, with its stable type of people whose interests are centered in their homes and the finer things of life. Each and every part of Newton typifies the modern "home City," a source of admiration to all visitors and of pride to its citizens.

Population

The best estimates of the present population of Newton indicates that it is approximately at the eighty-five thousand mark today. This shows a tremendous increase within the past decade. The steady stream of people who come to Newton yearly to make their homes here are of the thrifty, desirable sort, good citizens who soon blend into the social and civic life and share the pride of their neighbors in their adopted city.

Administration

The administration of Newton's city government is in the hands of safe and conservative executives, honest public-spirited citizens who have the best interests of the people at heart and in their minds. This is manifested by the high standards of administration which this city has always experienced.

Newton has a police department of 185 employees, giving it protection at all hours of the day and night. The fire department with 231 permanent men is always ready to meet every emergency. Within recent years, all new modern fire apparatus has been installed.

Educational Opportunities

One factor which has always given Newton a high standing in the estimation of those looking for a good "home city" is its superb system of schools. Since the early days of 1699, when the first little schoolhouse was built and John Staples became teacher, holding his scholastic sessions four days in each week for a stipend of two shillings a day, the school system of Newton has grown nobly.

Since those early days, Newton has developed tremendously along educational lines. Now there are high grade modern buildings, schools of the highest type for this purpose, with proper exits and due caution against fires and other emergencies. There are also new modern high schools, and the number of pupils that enter the High Schools has increased appreciably within the last decade. There also are several very fine private schools. The Lasell Junior College with its beautiful spacious grounds, established 1851, has long been famous. This young ladies academy has admitted young women from all parts of the United States and several foreign countries.

Among other well known private schools within the city are Fessenden and Mount Ida Junior College. The higher institutions of learning are represented by Boston College, in the Chestnut Hill section of city, and the Andover Newton Theological School (1825) at Newton Centre.

Newton also has a splendid playground system which has developed tremendously within the last decade. There are now many beautiful spots which have been turned into playgrounds for the young. These playgrounds are in charge of very efficient young men and women and the children are taught all sorts of healthful games, while other educational opportunities and interests are encouraged and promoted.

The Public Library

Another important factor which cannot be disassociated from the school room is the Newton free library. This was organized in September 1869, and received the property of its sponsors, the Newton Library Association. In 1875 the stockholders of the association transferred the entire estate to the City of Newton. The location of the building is on Centre Street, the ancient main thoroughfare of the town. The Newton Library contains

268,085 reference books of all periods, and is continually adding to the collection. There are valuable reference books of all periods, as well as works of old and new fiction. There are also many beautiful and rare prints. There are now branch libraries in ten sections of Newton, the most recent one being that established in Oak Hill Park.

Church and Social Activities

Church influence is strong in Newton, many social and welfare activities also centering in the church organization, of which there are forty-six in the city. The first church was organized in 1633.

There are over one hundred forty clubs and fraternal organizations in the city, a Federation of Women's Clubs, Kiwanis, Lions, Rotary, and the Newton Chamber of Commerce.

Growth

History shows that the different parts of Newton have made rapid strides in development. In 1860 Nonantum Hill had only the Ricker family on its massive western shoulder. The greater part of it consisted of scrub oak, a lonely and desolate tract of land. Early in 1800 Newton Lower Falls was a tranquil little village with but ten resident families. In 1872 the village had risen to 940. A little later the village of Newton Highlands was not much more than a cross-road settlement in a region of farms. Nearby were shops of the blacksmith and wheelwright. But today Newton is a great modern city teeming with activities, ever growing, ever expanding.

Business Activities and Opportunities

Although Newton is widely known as a residential city, it has various manufacturing activities. At Lower Falls is located one of the first paper mills established in the country. In Newton there are also machine shops, and factories engaged in the manufacture of fire arms supplies, silk, worsted, plastics, rubber, paper boxes, railway signals, cordage, radio tubes, knit goods, etc.

Information regarding manufacturing opportunities, business facilities and residential advantages will be supplied on request by the Newton Chamber of Commerce, 1171 Washington Street, West Newton 65, Massachusetts.

Meetings of Trustees—3d Friday in each month at 4:15 P.M.

Committee on Books: The President, ex-officio, Mrs Jean D McAdams, Jas P Gallagher. Committee on Buildings: The President, ex-officio; Vincent P Roberts, E Graham Bates. Librarian: Harold A Wooster. Department Heads: Bertha L Cain, Assistant to the Librarian; Margt G Hooper, Catalog; Dorothy H Gower and Marion K Gustin, Circulation; Mildred N Frost, Reference; M Gertrude Sweeney, Repair of Books. Boys' and Girls' Library of the Newton Free Library: Ann E Golding, Supervisor of Work with Children; Mabel Marion Hinkle, Head of Schools Division.

The main Library building was dedicated in June 1870, being built, furnished and maintained for five years by interested citizens, a fund of over \$65,000 being collected for this purpose by public subscription, the late J Wiley Edmands contributing \$17,000. In March 1876, the entire property of the Library was given to the City of Newton on condition of its maintenance, forever, as a Free Library. In 1887, a large addition was built by the City; in 1912, a four-floor book-stack with a capacity of 85,000 volumes was erected; in 1925, the top floor of the stack was completed and a three-car garage built; in December 1950, work on an addition approximately 40x85 feet across the front of the present building was started. This addition was completed and dedicated late in 1951 and occupied early in 1952. The cost of the addition with repairs and improvements to the older building was about \$200,000. It has modernized and greatly extended the use of the first floor facilities.

In addition to the Main Library, the City of Newton has an especially strong branch library system made possible by the interest of public-spirited citizens. The West Newton Branch Library was erected in 1926, the building and grounds valued at over \$62,000 were given to the City. In January 1928, the citizens of Newton Centre and Auburndale gave new buildings and land valued at about \$63,000 and \$52,000 respectively. A new memorial Children's Room was added to the facilities of the Auburndale Library in April 1949. In 1930, Waban citizens gave to the City a new branch building valued with grounds at \$75,000. A fine new building costing over \$100,000, the largest branch in the system was dedicated at Newtonville on December 1, 1939. The money for the valuable site was given by Newtonville citizens, the building was erected by a P. W. A. and City project. In 1934, the residence of the late John C. Chaffin, 126 Vernon St., acquired by the City in 1930, was remodelled for a "Boys' and Girls' Library." At Lower Falls, a remodelled engine house serves as the village library. At Highlands, the adult library is in a city-owned residence. At Upper

Falls, Oak Hill and Oak Hill Park the libraries are in school houses; and in Nonantum, in rented store quarters. At the Newton-Wellesley Hospital there is a branch of the Newton Free Library. There are library halls for educational, civic, cultural meetings at Auburndale, Newtonville and Waban, some 296 meetings were held in 1952.

The book circulation in 1952 was 744,094 volumes, of which 303,465 volumes were juvenile; 4,296 musical records were borrowed, extensive reading room reference service was also given. The Main Library and Branches combined subscribe to 349 titles of periodicals and newspapers or 792 copies including duplicates. There is a duplicate pay collection of recent fiction for public convenience.

A summary of expenditures from City appropriations: total salaries, staff and custodians, \$155,995.25; care of buildings, \$18,021.51; books, binding, periodicals, \$28,498.57; office expense, \$7,725.68; auto maintenance, \$4,550.22 (including driver); rent, \$1,400; new auto, \$999.90; total City appropriation expenditures \$186,731.97. (The sum of \$12,712.72 was paid to the City Treasurer from fines and collections). In addition the Buildings Dept. spent \$8,210.48 in repair of library buildings. The Street Dept. (Forestry Div.) spent on Library grounds, \$4,642.85. The expenditure from funds was \$4,399.26 for books, \$359.48 for music and musical records, special library equipment \$79.20, other \$449.75.

Main Librray open daily 8:30 AM to 9 PM. (Summer schedule—closed Wed evening and Saturday afternoon and evenings); Closed Sundays and holidays. Hours at the Branches vary. Call Bigelow 4-9040

Trust Funds, April 1, 1949

Kenrick Fund, \$4,000 income for needy and worthy poor of Newton

Read Fund, \$40,000, income to be expended as follows:

Annual picnic or sleigh ride for children of the village of Newton Corner not to exceed \$400; for free lectures on scientific subjects for the village of Newton Corner not to exceed \$800; for books for Newton Free Library at Newton Corner, not to exceed \$600; balance of income to poor widows in any part of Newton.

Income to be used in whole or in part to stimulate in the pupils of the public schools of Newton the study of American history, especially the early history of Massachusetts and the beginning of New England, by the offer of a prize or prizes annually for essays written by the pupils of the public schools in Newton for the current year in which such prizes are offered, and upon such subjects as may be appointed.

John C. Chaffin Educational Fund

The income of said fund shall be paid out by the City Treasurer as directed by said Trustees in expenditure for the benefit of graduates of the Newton High School or of any school of a similar standard that may be established in said Newton, who have a thirst for knowledge and are anxious to obtain the benefits of an education at a college or the Massachusetts Institute of Technology, but are financially unable to do so.

The Horace Cousens Industrial Fund, July 1, 1947, \$1,000,000.00

The income of said fund shall be loaned out by the City Treasurer by application approved by the board of Aldermen to residents of Newton enabling them to own their own homes at a rate of interest 25 per cent less than the current bank charges.

The Elizabeth Spear Fund, \$340

The income to be used to provide Christmas Cheer for the inmates of the City Farm.

AIDS TO PROPER MAILING

Write name and address plainly and completely.

Place name and address of sender on all matter.

Prepay postage fully on all letters and parcels.

Always address mail for city delivery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when it is a proper part of the address and save delay in delivery.

Insure valuable parcels except those containing small articles of considerable value which should be registered.

Wrap parcel post carefully in heavy paper and tie knots securely.

You will often gain a day's time in delivery by depositing mail as soon as it is ready.

Use Postal Unit numbers on mail addressed to cities where Unit Numbers are required.

HOW TO USE YOUR CITY DIRECTORY

The major departments in the Directory are arranged in the following order for ready reference:

- | | |
|-----------------------------------|-----------------------------------|
| 1. INDEX TO ADVERTISERS | 4. CLASSIFIED BUYERS' GUIDE |

City Directory Don'ts

DON'T put your Directory in an out-of-the-way place, but keep it where your customers can see and use it without stopping someone to find it.

* * *

DON'T think that a Directory is paying for itself unless you use it, any more than an idle clerk can make you money.

* * *

DON'T look mad when a customer asks to look at your Directory.

* * *

DON'T look happy when a neighbor wants to borrow your Directory, for if you do, he will borrow it again, and if all were borrowers, when would the next Directory be published?

* * *

DON'T forget that an up-to-date city must have a Directory; and a merchant that has no Directory is what?

* * *

DON'T forget that a Directory borrower today will forget to return it tomorrow and you will call him what?

* * *

DON'T forget that the man who has a Directory another man pays for.
pays for it and the borrower gets for nothing what

Complete Financial Information . . .

**Published Semi-Annually
March and September**

POLK'S BANK DIRECTORY reports December 31 and June 30 status of the 14,700 banks operating throughout the United States. Each listing includes the statement, officers, directors, correspondents and other general data of banks.

Investment bankers are listed following the banks in each city. A separate section lists legal reserve Life Insurance Companies. Other sections list the latest available information on banks in other countries.

This twelve pound volume, with 2800 pages of accurate, up-to-date information is the recognized standard throughout the world for banking facts. It is easier to use than a dictionary. Price \$27.50 a copy, or \$20.00 an issue on term contract.

**DO YOUR EMPLOYERS FURNISH YOU WITH THE
LATEST EDITION OF THE CITY DIRECTORY?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

OUT OF SIGHT! OUT OF MIND! OUT OF BUSINESS!

● The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

Information

in the mass seems like a dull proposition, but when we have a need of some person or thing nothing interests us more than getting information about that person or thing.

This directory looks like a big book to be walked around or fallen over or put out of the way, until you need some information that it contains—then it becomes the handiest thing around the place.

Has it ever occurred to you how much information you could get from this book, if you really knew how to use it?

There is a great mass of information here arranged in a logical way that experience has shown most easily referred to. It does take a little study to know how to make full use, however, like anything else worth while.

A little study that opens up a new way to save time or increase accuracy is an asset to anyone. It may be you will find a lot of information you did not know was here before, that you would have spent a lot of time and trouble to find in other ways, and you will have increased your efficiency just that much. In buying, in selling, in shipping, correspondence, granting credit, sending bills, collecting money—

There are two kinds of Advertising

That which the Buyer seeks, and that which is thrust upon him

Both are good

Display advertising **suggests** wants and **creates** desire. Of its tremendous power many present day successes bear witness.

Reference Advertising steps in when the desire has been created. It shows where the goods can be purchased and gives information that the buyer wants **when he wants to buy.**

A Connecting Link

The weakness of display advertising is that often a need is not realized until the ad that suggested it is misplaced or thrown away.

A shrewd buyer usually looks the field over before buying and where is so logical a place to look as **in this book.**

A Help to You

In your buying, use the lists in this book. If you see a name in **heavy type** it is because that concern thought enough of your possible business to make it easy for you to find them. If it says "See page — —", you will find there information that will really help you.

Are You Covered?

Have you made it easy for buyers to find you, by putting a bold face listing under every heading where they might look for you or a competitor? Have you put information in the "Selling Section" that will really help a buyer, and point to **you** as the one who can serve him best?

If not, make a note to do it in the next edition, and let us tell you **now** how little it costs to be **protected.**

POLK'S NEWTON

Directory of Householders, Occupants of Office Build-
ings and Other Business Places, Including a
Complete Street and Avenue Guide

1953

Copyright, 1954, by R. L. Polk & Co.

Giving the location of Streets, Avenues, Places, Parks &c, showing what other streets and places run from or across them, and with a list of Householders and Places of Business arranged in Numerical Order upon their respective Streets.

The Streets are arranged in alphabetical order with the location of Intersecting Streets clearly shown.

The Boston Postal District in which Newton is included has been divided into Numbered Zones. Mail addressed to the Newtons will carry the following Zone numbers. Auburndale No. 66, Chestnut Hill No. 67, Newton No. 58, Newton Centre No. 59, Newton Highlands No. 61, Newton Lower Falls No. 62, Newton Upper Falls No. 64, Newtonville No. 60, Waban No. 63 and West Newton No. 65.

*Indicates unaccepted streets.

**Indicates partly accepted streets.

The symbol © following the name of a householder indicates that the house is owned by the person listed, or by some member of the family.

This information is as received by the canvasser. The publisher does not and cannot guarantee its correctness.

Places of Business are indicated by bold face street numbers and business being given.

The ∆ preceding names denotes householders and places of business having telephones.

(The numerals that appear at right edge of columns ahead of street descriptions and some street intersections are merely for the guidance of the publishers and have no other significance.)

†This symbol placed before a listing denotes inability to get complete information by personal call, telephone or mail.

A PUBLIC SERVICE PUBLICATION

Few lines of Business have such a varied clientele as has the City Directory. It serves high and low, rich and poor, with equal impartiality and with profit to all.

It answers the questions What? and Who? which arise in daily Business and fills a position occupied by no other publication under the sun. It is often used from its issue until it falls to pieces and seldom will you find one entirely discarded while its leaves cling together. A publication which is used so universally and whose life is so long, must appeal to every shrewd business man as a most desirable advertising medium.

YOUR CITY DIRECTORY

IS SOMETHING MORE THAN—

A Book of Names and Addresses

A Catalogue of Trades and Professions

A Street Guide

IT IS A SERVICE that brings you daily in closer touch with your customers and friends

IT ENABLES YOU to address them each and every one

To avoid the offense of incorrect spelling and addressing

To find new customers

To tell who lives in any house in the city

To find local sources of Supply for hundreds of articles

IT WILL SAVE YOU time and money both in buying and selling. It will make you more efficient and protect your standing as an accurate and progressive business man

• • • • •

Your directory gives you an accurate bird's-eye view of your city, its institutions, inhabitants, government and buildings

Always Use the Latest Edition

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1

An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2

A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3

A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4

A "*Yellow Section*" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5

A *Statistical and Historical Story* of your city; plus miscellaneous other information.
